# Notifiable Brood Diseases - Foulbrood

Disease control webinar presented by Tom Williamson, Senior Bee Inspector

Hosted by the UBKA Chair, Valentine Hodges

**8th August 2024 at 7.30pm**

**The UBKA are pleased to host this webinar with the wonderful Tom Williamson.**

Tom has over 20 years experience in his field and is passionate about disease control. During this webinar, Tom will discuss the importance of identifying foulbroods, what to do if you think you found it, and how to keep disease under control.

You can register for the webinar by clicking the button below
